General:

In order to avoid the wrath of the Facebook Police, Scott sometimes isn't keeping videos up for the pre-shows (tonight's included) – but here are a few notes of what happened.

Tonight's Hootenanny starts at 9pm and is expected to go on past midnight.

There will be no shout outs as Scott says there's 'loads to pack in', but he promises he will make up for this during the next Big Neet In, currently planned for February.

He says he's doing a New Year's Eve BNI to save people standing out in the cold waiting for a taxi.

"Support yer pub all year round. And don't do Dry January...that's stupid!"

"See yer over on the old YouTube. Have fun, and er, Merry New Year to all of yers. Have a good un!"

N.B. There is no aftershow tonight due to the main show itself running past midnight.
